fundacion Las Rosas, Santiago, Chile

Japan International Cooperation Agency, JICA , We are acting for technical co-operation, and advice to the occupational therapist. Seven occupational therapist Japanese are acting in Chile, and the number of total exceeds ten now. We act of us, cooperate with the Chilean occupational therapist, and report on the outcome. It proposes the report and the meaning about the international cooperation that the occupational therapist does and the possibility. It introduces the occupational therapy of Japan that executed it in Chile (for instance, paper folding, ORIGAMI). This announcement will become the one to tell the necessity and the importance of the possibility and the international cooperation by taking the different culture to the occupational therapist who works at the world.
